Introducing DYMO File™ Software *The smarter way from paper to digital™*

Patent-pending DYMOCode™ technology – only available in DYMO File™ – is a superior solution for dealing with multi-page, multiple documents.

- 1 Type in information about your document.
 - 2 DYMO File™ prints a unique barcode that you apply to your document.
 - 3 Scan and entire stack of documents and walk away!
DYMO File™ software automatically files your documents as they're scanned.
- ▶ Save documents as searchable PDFs, Microsoft® Word or Excel files.
 - ▶ Find files quickly, access and transfer digital files easily
